Concert & Conversation

with KI Organist Andrew Senn

Saturday, April 10 at 7:30 PM

KI is home to the Phyllis K. Goldsmith Memorial Organ, a 2,860-pipe organ built by the Austin Organ Company and installed in 1961.

Join KI's organist Andrew Senn as he puts the Phyllis K. Goldsmith pipe organ through its paces in an action-packed virtual concert!

Andrew has chosen a program of music spanning three centuries which will highlight all of the colors of our wonderful organ. From the quiet and melodious to the thunderous and electrifying, this program captures all of the possibilities of the instrument with the virtuosic technique of the organist!

The evening will include a behind-the-scenes look at how the pipe organ operates.
