

Reform Congregation Keneseth Israel

First Year Membership Incentive

Join Us Today!

Our first year incentive provides you the opportunity to determine the amount of your membership contribution.

We are committed to maintaining a high level of quality programming and services. We are dependent on the generosity of our members.

This generosity allows us to be flexible when members are experiencing hardships without compromising the financial needs of the congregation.

While we embrace many modern traditions, we work hard to keep the core and essence of Jewish practice. Keneseth Israel is a diverse community representing a broad constituency of nearly 700 families. We happily welcome, accept and foster relationships with interfaith and LGBTQ families.

For information on membership, please contact:
